

Welcome to the LGA Data Capture Survey for Apprenticeships for School Staff

THANK YOU for participating in the LGA Higher Education Apprenticeship delivery to schools survey.

We know that it can be difficult for schools to engage in Apprenticeships due to their resource constraints, and currently, whilst engagement is strong in many Local Authority areas, there are still schools that are missing out on opportunities to train their staff.

We will use the information that you share:

1. to collate an overview of how schools work with Universities to use apprenticeships generally
2. to provide information on how this is helping schools achieve their objectives
3. to create a map of the apprenticeship delivery that is available

This information will be shared with Local Authorities and Schools as part of our Apprenticeship Support Programme Webinars currently being scheduled for later this spring/summer. This will help Local Authorities and schools understand what is available and adding value already, and encourage more schools to invest in apprenticeships.

THE SURVEY DEADLINE IS WEDNESDAY 20 MAY
