## Find out how we are working with universities

**We are working closely with higher education Institutions and driving successful, seamless apprenticeship delivery...**

- This month, we hosted our first **HE User Group**, chaired by Buckinghamshire New University's Steve Dewhurst, attended by many of our HE customers including the University of Salford, ADA, the National College for Digital Skills, Harper Adams University, University of Plymouth, to name a few. Everyone came away with valuable insights into HE apprenticeship challenges and how Aptem can help solve them.
- **Are you attending the UVAC Conference? Visit our stand or attend our workshop.** Between 11:30-12:30 in the Panorama Suite, our CTO John Brightwell is running a workshop on the role of technology in delivering scalable apprenticeship solutions and how this is evolving.

**Aptem cleverly manages all the apprenticeship-specific functions you require whilst acting as a bridge between the systems you have in place, helping you:**

- Slash admin
- Cut costs
- Free-up staff time
- Delight learners
- Advance delivery
- Grow your business

If you would like to find out how Aptem can help your organisation, email us at [hello@aptem.co.uk](mailto:hello@aptem.co.uk).

Kind regards,  
**The Aptem Team**
