The Marketplace

There will be flipcharts throughout the venue as part of our Marketplace. We invite you to make comments on issues that are not covered in the breakout sessions by posting them on the relevant flipcharts. Comments can be made anonymously but we do ask you to indicate your role and/or organisation type on the reverse of the post-it.

We will collate all these responses across our five regional events; they will feed into our consideration of responses to the consultation.

Pens and post-it notes will be available for you to use.

Breakout Sessions

During the breakout sessions please make it clear who you are and which organisation you are representing, as this will aid our scribes to take notes of points made and enable us to give role and organisation context to them.
