

Bridget Phillipson MP
Secretary of State for Education
Department for Education
20 Great Smith Street
London, SW1P 3BT

28th August 2024

Dear Secretary of State,

We are writing to you as leaders of schools and colleges in England delivering applied general qualifications (AGQs) such as BTECs. We were delighted when the Labour Party made a commitment last year to 'pause and review' the previous government's plan to defund these valuable qualifications.

However, now the party is in government, we understand there will be no pause to the defunding of AGQs. Instead, the Department for Education is proposing to conduct a focused review of qualifications (including AGQs) due to conclude by the end of 2024.

We are very concerned by this proposal, as it means that we will not know what AGQs we can offer in the 2025/26 academic year until December 2024 at the earliest. This will make it extremely difficult for us to provide effective information, advice, and guidance to young people, or ensure that the right staff are in place with the right skill sets.

The proposed review will not provide the certainty we need to plan for 2025/26. Only a meaningful pause to defunding will ensure that qualification reform can be conducted in an orderly way that leaves no young person without a viable pathway to higher education or skilled employment.

We urge you to announce an immediate pause to the defunding of applied general qualifications and confirm that students will be able to enrol on all existing AGQs up to and including the 2025/26 academic year. This one-year pause is the minimum required to ensure that young people are not disadvantaged by your proposed reforms.

We welcome your commitment to reset the relationship with the education workforce by listening to the views of staff and drawing on the wealth of experience in the sector. In that spirit, we hope you will agree to this modest request, which will help us to achieve our shared ambition to break down the barriers to opportunity and improve the life chances of every young person.

Yours sincerely,
